Preserving the Harvest NEW

Ages 18 & Up JC
 Learn how to can tomatoes and make a fruit preserve using the hot water canning method. General instructions on how to can, equipment needed, and proper preparation of produce will be covered in class. Then step by step you will can a pint of tomatoes and make a 4 ounce jar of jam. You will need to bring the following items to class: a cutting board, two oven mitts, two kitchen towels, paring knife, two medium size bowls, and a small box or tote to carry the finished projects. **MPLC**

Class	Day	Date	Time	R/NR
25140	Tu	Aug 21	6:00pm-9:00pm	\$60

Make Your Own Rain Barrel

Ages 18 & Up JC
 Did you know that during an average rainstorm 700 gallons of water rushes off the roof of your home? Rain barrels intercept the water that would normally run down your driveway and into the storm drain. The rain barrel will put the water to good use – watering your grass and garden without using your garden hose! All you need is a downspout, we'll provide the rest. Fee is per rain barrel. **WNC**
